

Belegungsplan der 37-pol. Sub-D-Stecker:

| SPS-Eingänge | 37-pol-Sub-D Stecker |
|--------------|----------------------|
| E 0.0        | 24                   |
| E 0.1        | 23                   |
| E 0.2        | 22                   |
| E 0.3        | 21                   |
| E 0.4        | 2                    |
| E 0.5        | 3                    |
| E 0.6        | 4                    |
| E 0.7        | 5                    |
|              |                      |
| E 1.0        | 28                   |
| E 1.1        | 27                   |
| E 1.2        | 26                   |
| E 1.3        | 25                   |
| E 1.4        | 6                    |
| E 1.5        | 7                    |
| E 1.6        | 8                    |
| E 1.7        | 9                    |

| SPS-Ausgang | 37-pol-Sub-D Buchse |
|-------------|---------------------|
| A 0.0       | 24                  |
